

# March Beer Corner

## **SOUTHERN TIER BREWERY COMING TO PITTSBURGH**

Southern Tier to open a 6,200 Sq. Ft. spot on North Shore Drive with plan to brew beer on site. This is their first location outside of the original brewing in New York. They plan to open this summer where North Park Lounge was going to be located.

## **DANCING GNOME BREWERY**

Soon to be located on Main Street in Sharpsburg. Some of you may have tried some of the beers at some of the recent brew fests. They are hoping to be open for business in late spring, and will also have a canning line. They look to specialize in hop forward beers.

## **EAST END PEDAL PALE ALE KEG RIDE**

I know we have quite a few bikers in the hash. This year is the 12<sup>th</sup> Pedal Pale Keg Ride, and is set to happen on Saturday April 23<sup>rd</sup>. Yes I know this is March's beer corner, but this is an event that usually sells out quick and wanted to get the word out while I could. Since opening in 2005, East End has been spreading the word about what it means to operate a near-zero waste, environmentally sustainable brewery. And they have been doing it by delivering the very first PEDAL PALE ALE kegs of the season in a very unique way....BY BICYCLE.

On Saturday Morning, April 23<sup>rd</sup>, 2016, East End Brewing will set off with a few kegs and hundreds of GOOD FRIENDS to a mystery destination to debut this year's Pedal Pale Ale. The trip will be slow, meandering, and maybe a little surprising – especially the secret destination.
