

Craft Beer Events

Pittsburgh Summer Beer Fest - July 15-16

Breweries and beer enthusiasts from across the region will gather on two July evenings for an unlimited sampling of over 300 fresh craft beers of all styles, and tastes and a whole lotta fun! Live music! All while raising funds for Animal Rescue Partners.

New Craft Breweries

It's been a while since I originally put together a list of some of the new breweries in the Pittsburgh area. Lets check in on some and see the progress and when they might be opening.

Mindful Brewing – Castle Shannon

The facility at 3759 Library Road was originally a mechanic shop and convenience store, but with a bunch of remodeling it has begun to look more and more like a brewery. Keep an eye on their facebook page to see the stages of construction. They are planning for a grand opening in late August.

Dancing Gnome Beer – Sharpsburg

Located at 925 Main Street. Despite best efforts in hoping to be open early June, they fell behind with some permitting and construction. While they have been able to brew some beer and go to some of the local beerfests the taproom will not be open until late august/early September.

Helicon Brewing – Oakdale

Located at the old dog food factory in Oakdale PA. As of now most of the permits are in place and they are working on finalizing the construction of the building. Last I drove by they were installing storm water controls and redoing the parking lot. They are looking to open this July.
